II) Configuration

After installing, navigate to **Stores >> Settings >> Configuration:**

In the **Magezon Extensions** menu, click **Lookbook**. You will see the extension's configuration section like below:

1. General Settings

Span **General Settings** section.

General Settings

Current Version [store view] 1.0.0

Enable Lookbook [store view] Yes

Theme Color [store view] rgba(0, 0, 0, 0.8)

- See the **Current Version** of the extension.
- **Enable Lookbook:** choose Yes/No to enable/disable the extension.
- **Theme color:** set the theme color for your lookbooks.

2. Permalink Settings

Permalink Settings

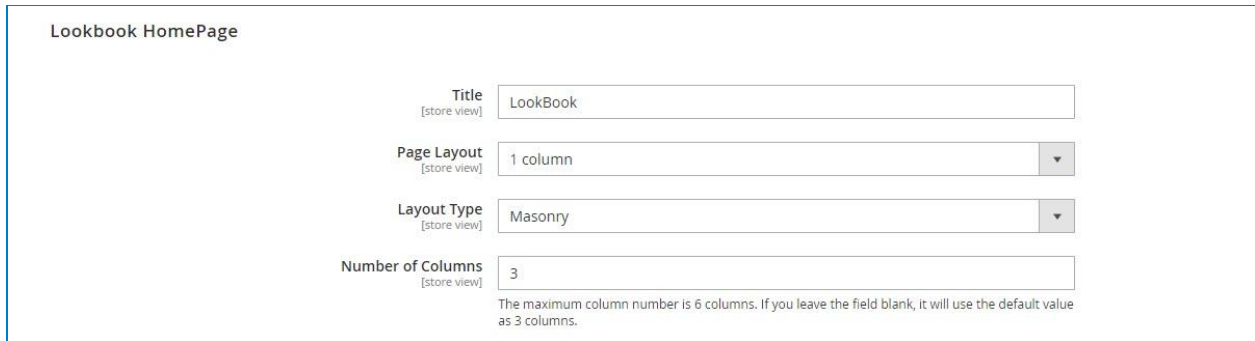

Lookbook Route <small>[store view]</small>	<input type="text" value="lookbook"/>
Profile Route <small>[store view]</small>	<input type="text" value="profile"/>
Profile URL Suffix <small>[store view]</small>	<input type="text"/>
Use Categories Path for Profile URLs <small>[store view]</small>	<input type="button" value="Yes"/> ▼
Category Route <small>[store view]</small>	<input type="text" value="category"/> <small>https://domain.com/{blog_route}/{category_route}/{category_identifier}</small>
Category URL Suffix <small>[store view]</small>	<input type="text"/>

- **Lookbook Route:** specify the lookbook website route.
- **Profile Route:** specify the profile route.
- **Profile URL Suffix:** specify the Profile URL Suffix.
- **Use Categories Path for Profile URLs:** choose **Yes** to include the category route in profile page URLs and **No** to exclude it in the profile page URLs.
- **Category Route:** specify the category route.
- **Category URL Suffix:** specify the Category URL Suffix.

For example, one of your profiles has this URL:

`https://example.com/profile/summer-sale.html`. So **profile** is the Profile Route and **.html** is the Profile Url Suffix. **summer-sale** is the URL key that is different for each profile.

3. Lookbook Homepage

The screenshot shows a configuration form for the Lookbook Home Page. It includes the following fields:

- Title** [store view]: LookBook
- Page Layout** [store view]: 1 column
- Layout Type** [store view]: Masonry
- Number of Columns** [store view]: 3

Below the Number of Columns field, there is a note: "The maximum column number is 6 columns. If you leave the field blank, it will use the default value as 3 columns."

- **Title:** name your lookbook homepage title.
- **Page Layout:** select a page layout for the lookbook homepage. There are five layouts for you to choose from:
 - + Empty
 - + 1 column
 - + 2 columns with left bar
 - + 2 columns with right bar
 - + 3 columns
- **Layout Type:** choose either Masonry or Grid for the home page layout type.
- **Number of Columns:** set the number of columns on your lookbook homepage. The maximum column number is six columns. If you leave the field blank, it will use the default value as three columns.

Here is **Lookbook Homepage** from the front end:

- Masonry layout type:

The screenshot displays the LUMA LookBook page with a masonry layout. The page features a navigation bar with categories like 'What's New', 'Women', 'Men', 'Gear', 'Training', 'Sale', and 'LookBook'. Below the navigation, there are breadcrumb links 'Home > LookBook' and a main heading 'LookBook'. A filter bar includes 'All', 'Clothes', 'Furniture', 'Car', 'Tool', and 'Mosmetics'. The main content area contains six product cards, each with a collage of images and a caption:

- Short pants and a round neck T-shirt
- Short pants and a round neck T-shirt Cb1
- Long jeans and a round neck T-shirt
- Long jeans and a round neck T-shirt Cb2
- Long jeans and a round neck T-shirt Cb3
- Long jeans and a round neck T-shirt Cb5

- Grid layout type:

The screenshot shows the LUMA website's LookBook page. At the top left is the LUMA logo. To the right is a search bar with the text "Search entire store here..." and a magnifying glass icon. Below the search bar is a navigation menu with items: "What's New", "Women", "Men", "Gear", "Training", "Sale", and "LookBook" (which is highlighted with an orange underline). Below the navigation menu is a breadcrumb trail: "Home > LookBook". The main heading "LookBook" is displayed in a large, light grey font. The content area features a grid of six product cards, each with a collage of images and a caption below:

- Card 1:** Images of a man in a black t-shirt and grey shorts, a black t-shirt with a graphic, and grey shorts. Caption: "Short pants and a round neck T-shirt".
- Card 2:** Images of a man in a black t-shirt and white shorts, a black t-shirt with a graphic, and white shorts. Caption: "Short pants and a round neck T-shirt Cb1".
- Card 3:** Images of a man in a white t-shirt and blue jeans, a white t-shirt with a graphic, and blue jeans. Caption: "Long jeans and a round neck T-shirt".
- Card 4:** Images of a man in a white t-shirt and blue jeans, a white t-shirt with a graphic, and blue jeans. Caption: "Long jeans and a round neck T-shirt Cb2".
- Card 5:** Images of a man in a white t-shirt and blue jeans, a white t-shirt with a graphic, and blue jeans. Caption: "Long jeans and a round neck T-shirt Cb3".
- Card 6:** Images of a man in a white t-shirt and blue jeans, a white t-shirt with a graphic, and blue jeans. Caption: "Long jeans and a round neck T-shirt Cb5".

4. Category Page

The screenshot shows a configuration window titled "Category Page" with a close button in the top right corner. It contains four settings:

- Page Layout** [store view]: A dropdown menu with "2 columns with left bar" selected.
- Layout Type** [store view]: A dropdown menu with "Grid" selected.
- Number of Columns** [store view]: A text input field containing "3". Below it, a note states: "The maximum column number is 6 columns. If you leave the field blank, it will use the default value as 3 columns."
- Number of Profiles Per Page** [store view]: A text input field containing "3". Below it, a note states: "The number of profiles per page. If you leave the field blank, it will use the default value as 8 profiles."

- **Page layout:** select a page layout for the lookbook category page.
- **Layout Type:** set the layout type as a grid or a carousel.

If you choose it as a list, then continue to configure the followings:

- + **Numbers of Columns:** set the number of columns on your lookbook category page. The maximum column number is six columns. If you leave the field blank, it will use the default value as three columns.
- + **Number of Profiles Per Page:** set the number of profiles per category page. The maximum column number is 6 columns. If you leave the field blank, it will use the default value as 3 columns.

III) Add New Profiles

- From the admin panel, go to **Magezon >> Lookbook >> Profiles:**

There is a grid containing all existing profiles:

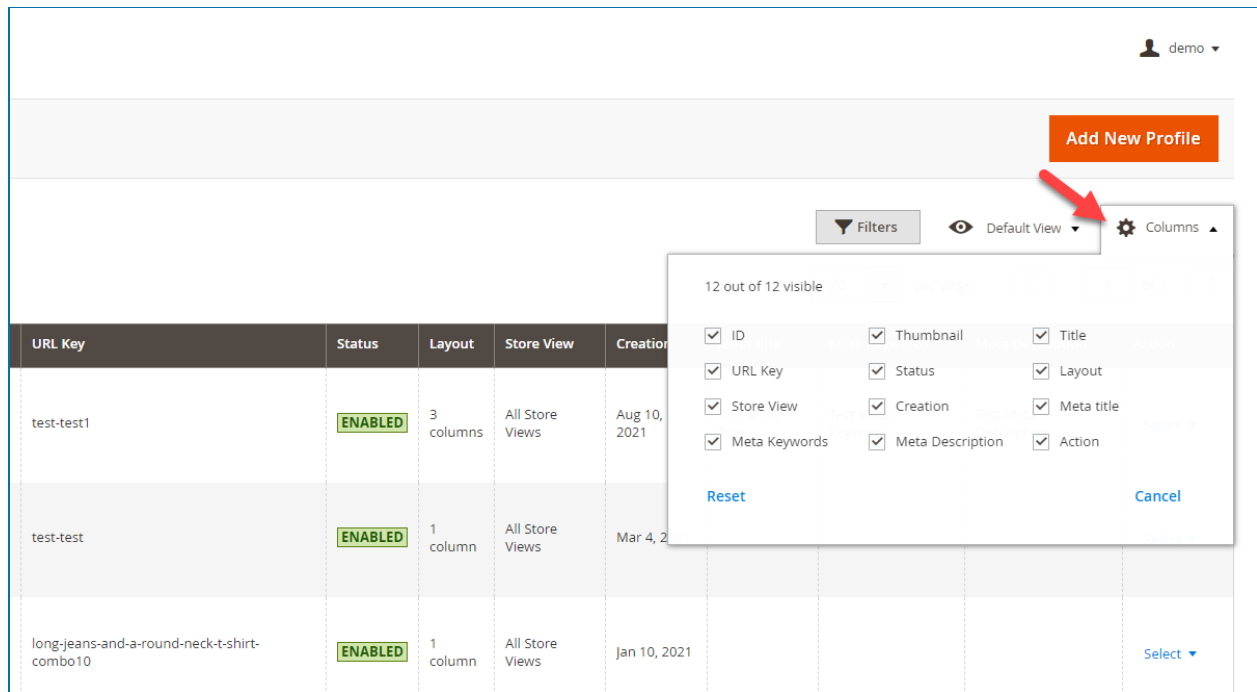

The screenshot shows the 'Profile' management interface. At the top, there is a search bar and an 'Add New Profile' button. Below the search bar, there are filters and pagination controls. The main content is a table with 15 records found, displaying the following columns: ID, Thumbnail, Title, URL Key, Status, Layout, Store View, Creation, Meta title, Meta Keywords, Meta Description, and Action.

ID	Thumbnail	Title	URL Key	Status	Layout	Store View	Creation	Meta title	Meta Keywords	Meta Description	Action

13		Short pants and a round neck T-shirt Combo3	short-pants-and-a-round-neck-t-shirt-combo3	ENABLED	1 column	All Store Views	Feb 10, 2021				Select

- **ID:** the identifier of the profile.
- **Thumbnail:** the thumbnail of the profile.
- **Title:** the title of the profile.
- **URL key:** the URL key of the profile.
- **Status:** the status of the profile (whether it is enabled or disabled).
- **Layout:** the layout of the profile.
- **Store view:** stores on which the profile is displayed.
- **Creation:** the creation time of the profile.
- **Action:** take action on the profile. You can either edit or delete it.

To view all columns of the grid, click **Columns** drop-down above the grid. Tick the checkboxes of columns that you want to be visible in the grid. Untick the checkboxes of columns that you want to be invisible in the grid:

The screenshot shows the Magezon Lookbook interface. At the top right, there is a user profile icon labeled 'demo' and an orange 'Add New Profile' button. Below these are three icons: 'Filters', 'Default View', and 'Columns'. A red arrow points to the 'Columns' icon, which has opened a dropdown menu. The menu shows '12 out of 12 visible' and a list of columns with checkboxes: ID, Thumbnail, Title, URL Key, Status, Layout, Store View, Creation, Meta title, Meta Keywords, Meta Description, and Action. At the bottom of the menu are 'Reset' and 'Cancel' buttons. Below the menu is a table with the following data:

URL Key	Status	Layout	Store View	Creation	
test-test1	ENABLED	3 columns	All Store Views	Aug 10, 2021	
test-test	ENABLED	1 column	All Store Views	Mar 4, 2021	
long-jeans-and-a-round-neck-t-shirt-combo10	ENABLED	1 column	All Store Views	Jan 10, 2021	Select ▾

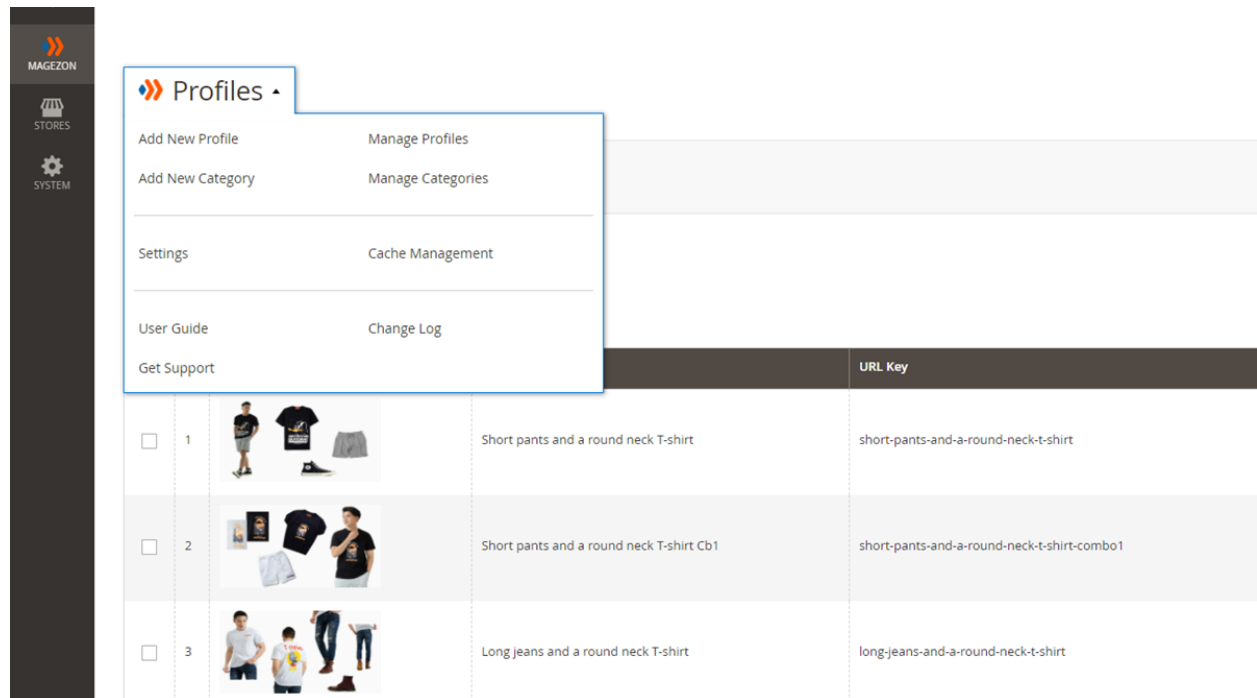

Tick the checkboxes of the corresponding profiles in the first column, then click **Actions** drop-down above the grid to **Delete, Disable, Enable** these profiles:

ID	Thumbnail	Title	URL Key	Status	Layout	Store View	Creation	Action
1		Short pants and a round neck T-shirt	short-pants-and-a-round-neck-t-shirt	ENABLED	1 column	All Store Views	Feb 10, 2021	Select

- **Description:** enter the profile description.
- **Categories:** span the dropdown and select a category that the profile belongs to.
 - If there is no suitable category, you can create a **New Category**.
- **Creation Time:** select the profile creation date.

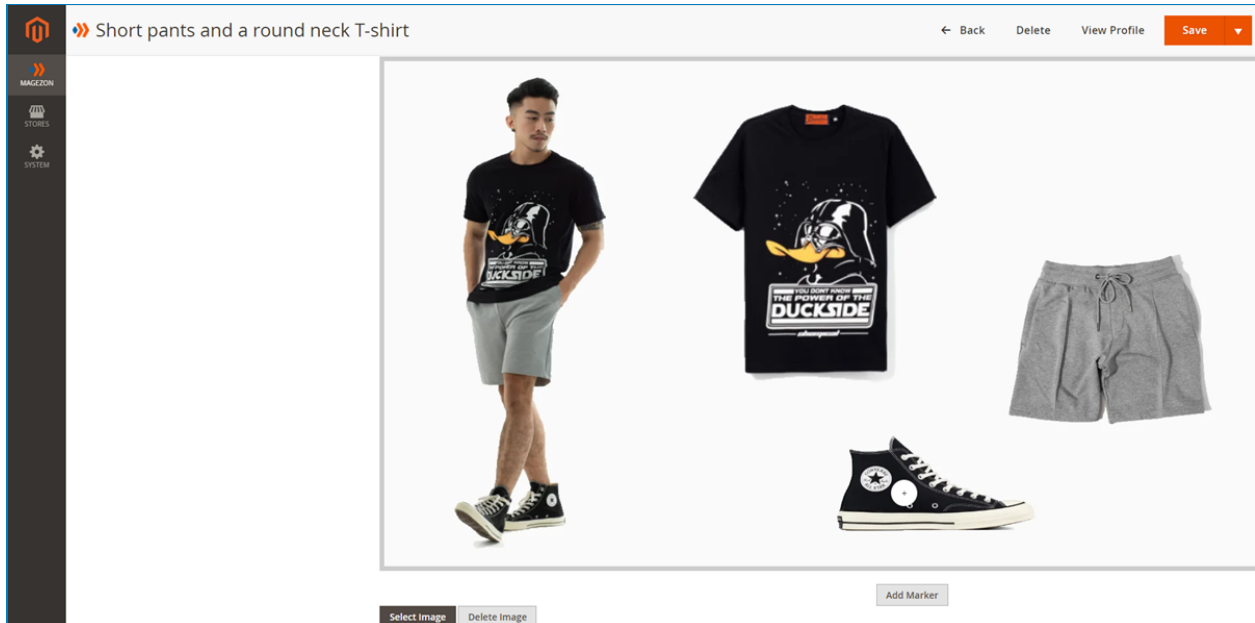

2. Marker

Select image: click to upload an image used as your marker. You can choose one from the **Media Library** or upload it from your device.

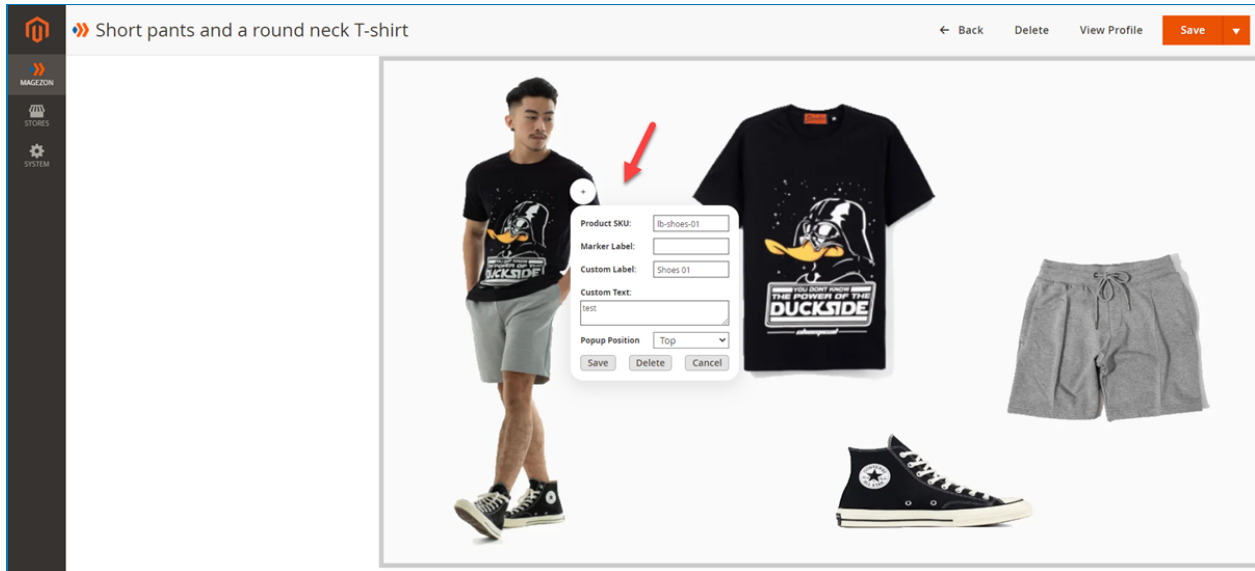

After uploading the image, you can:

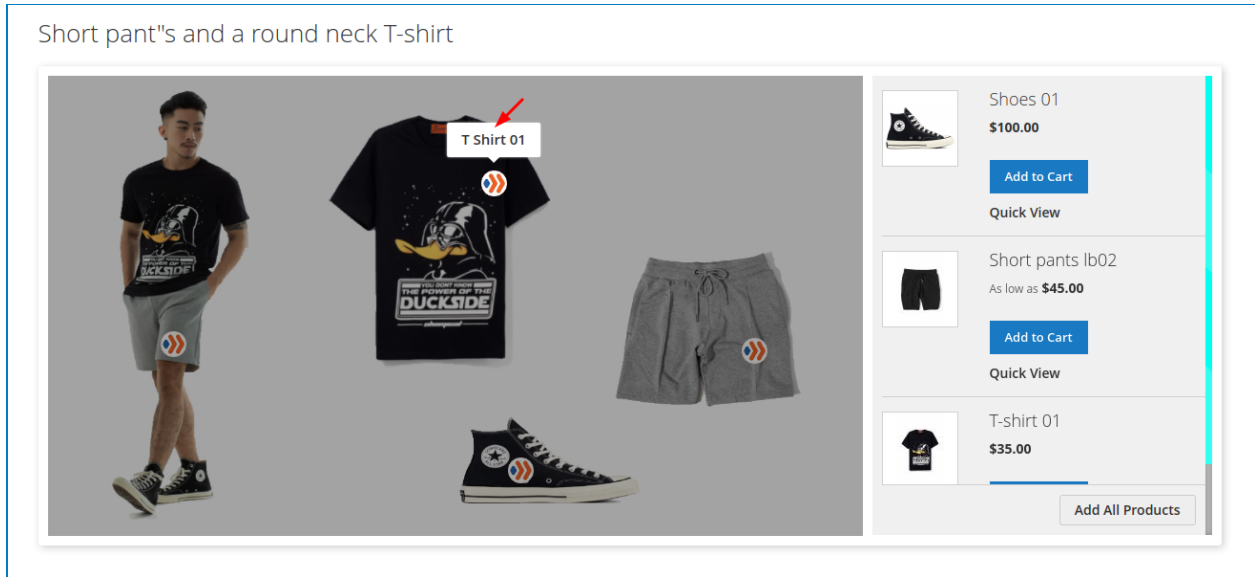

- **Select Image:** select another image from your media library.
- **Delete Image:** delete the current image.
- **Add Marker:** click to add markers to the image.

When you click **Add Marker**, a popup will appear. Fill in the popup's fields as below:

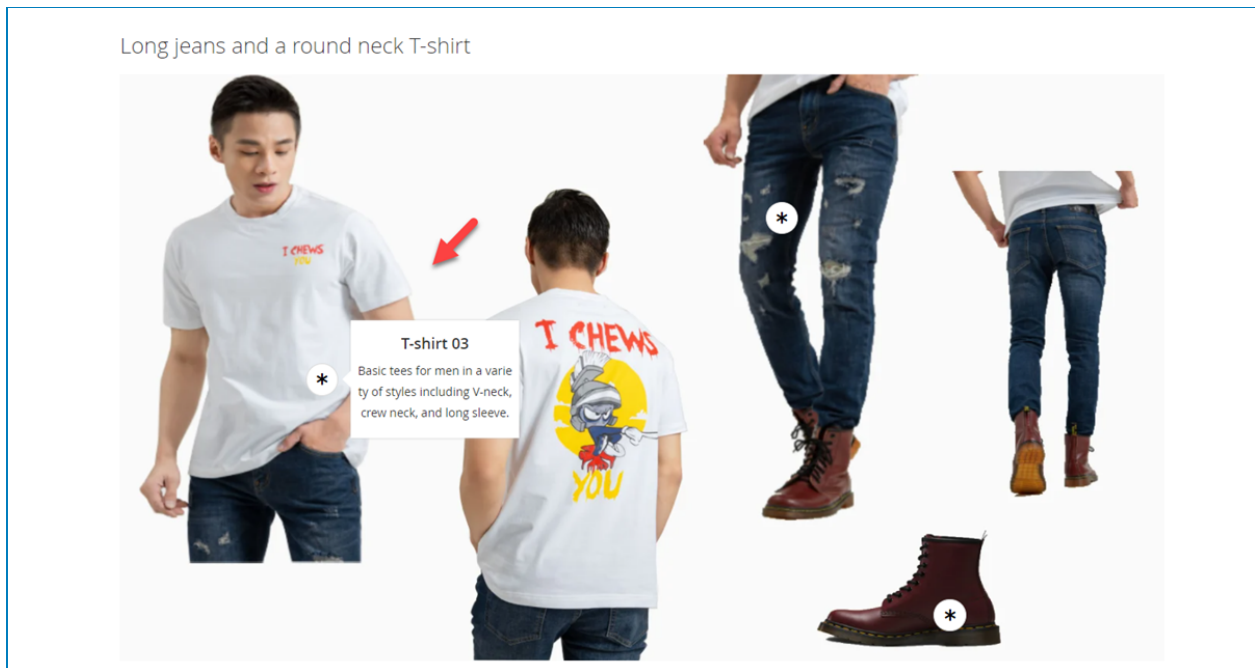

- **Product SKU:** you just need to enter some keyword, our search engine will help you easily find the exact product SKU.
- **Marker Label:** the field is optional. However, if you put a label for the marker, it will be displayed instead of the icon you set in the [configuration section](#).

- **Custom Label:** it will appear as a small popup in the front end, like below:

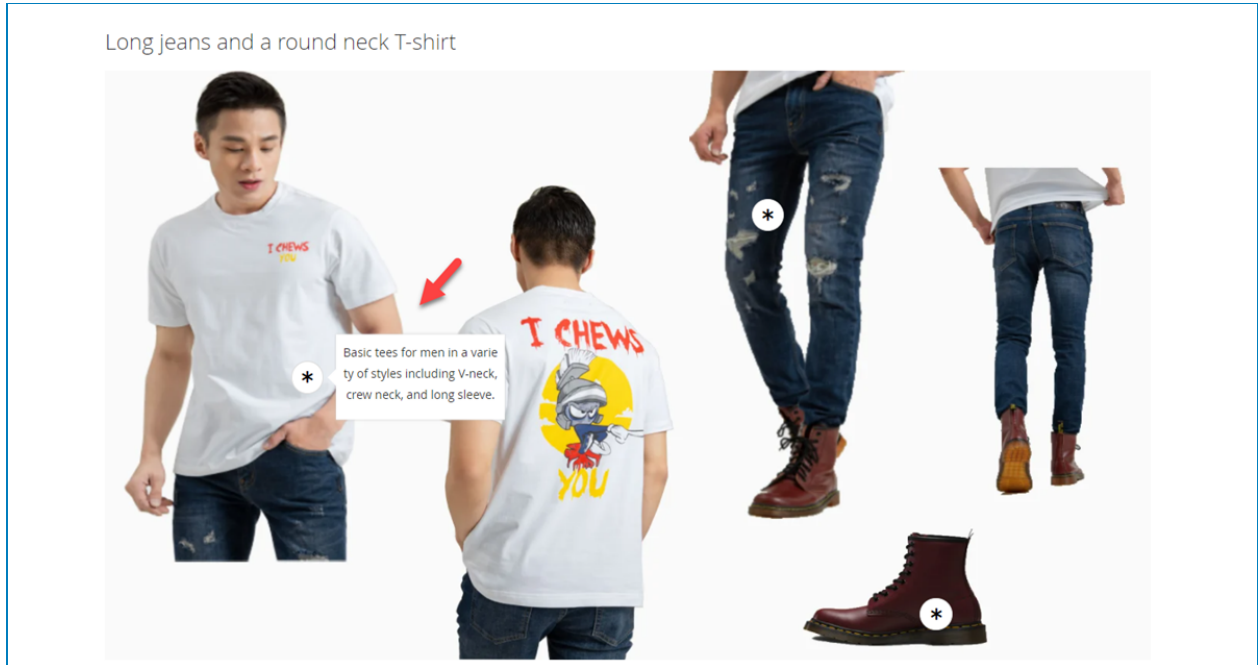

- **Custom Text:** the extension requires you either enter **Product SKU** or **Custom Text**.

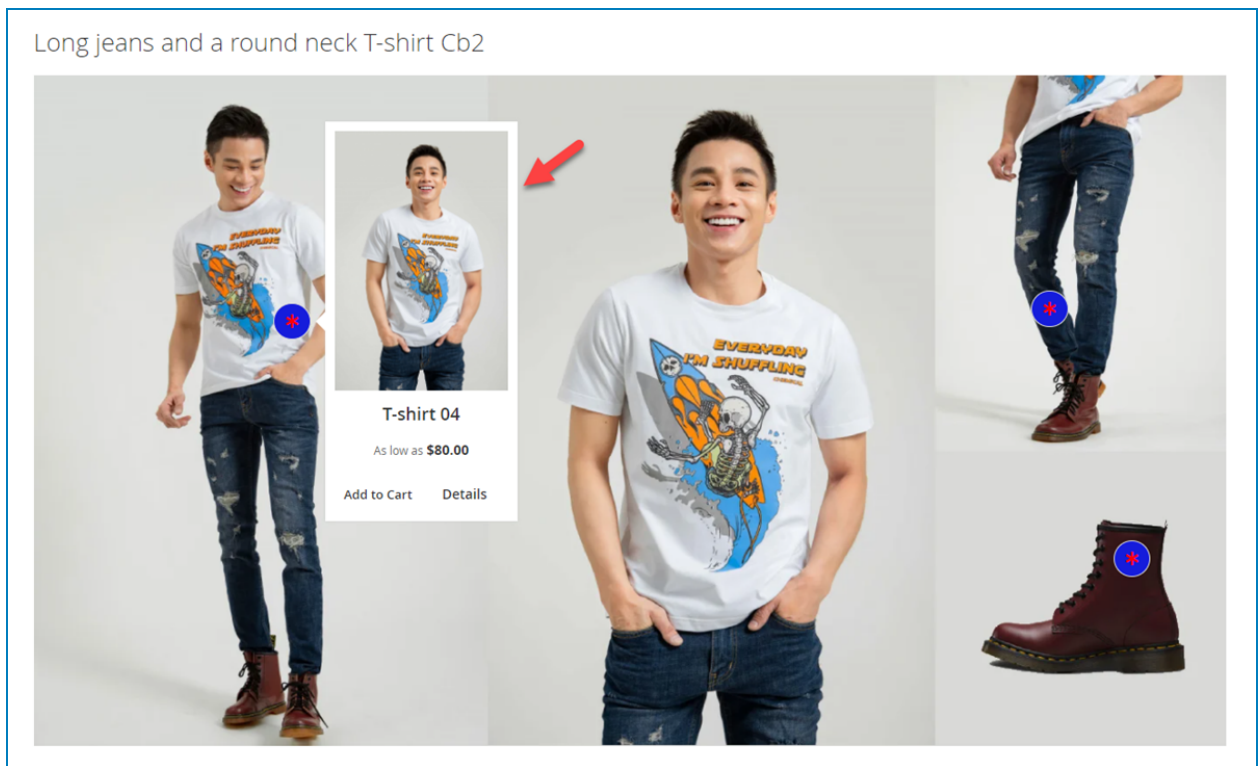

If you enter both of them, the front end will look like below:

If you enter the **Custom Text** but not the **Product SKU**, the front end will look like below:

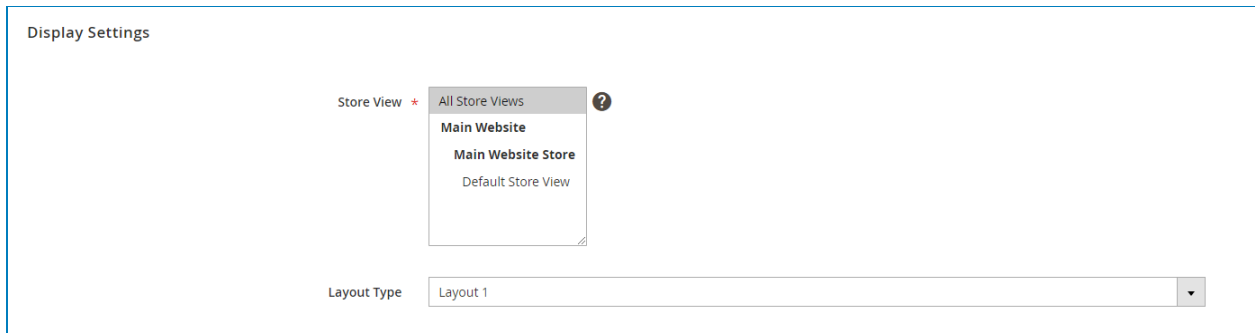

If you enter the **Product SKU** but not the **Custom Text**, the front end will look like below:

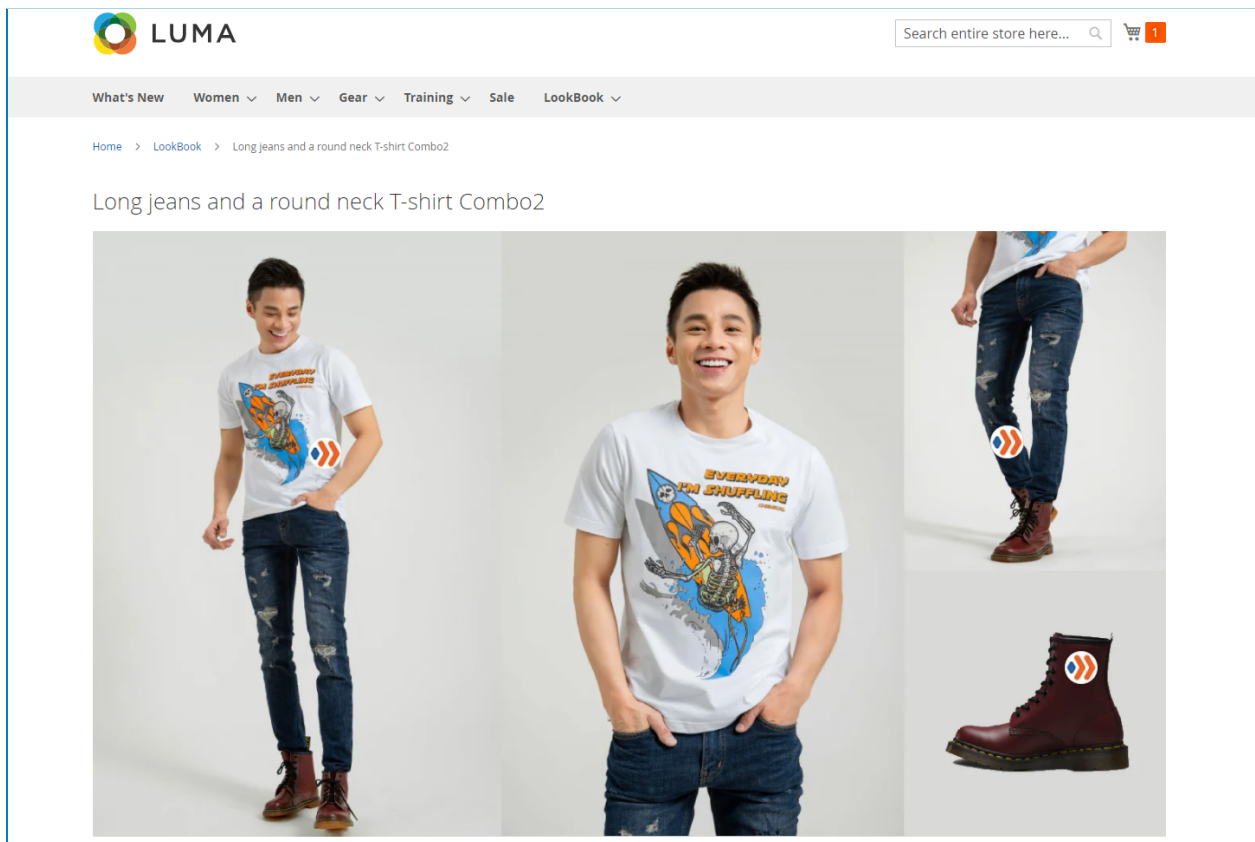

- **Popup Position:** decide the popup position in the front end. You have four options: **Right, Left, Top, and Bottom.**
- **Save:** to save the marker.
- **Delete:** to delete the marker.
- **Cancel:** to cancel configuring the marker.

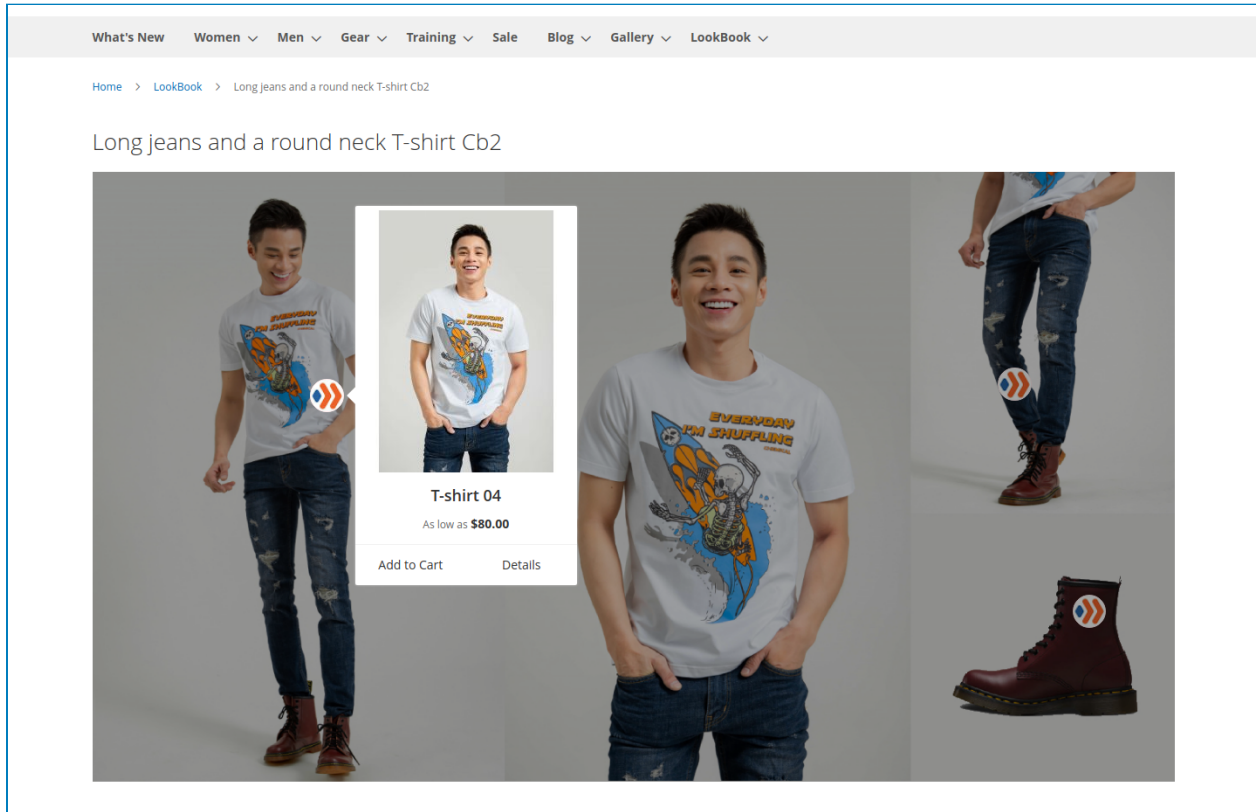

3. Display Settings

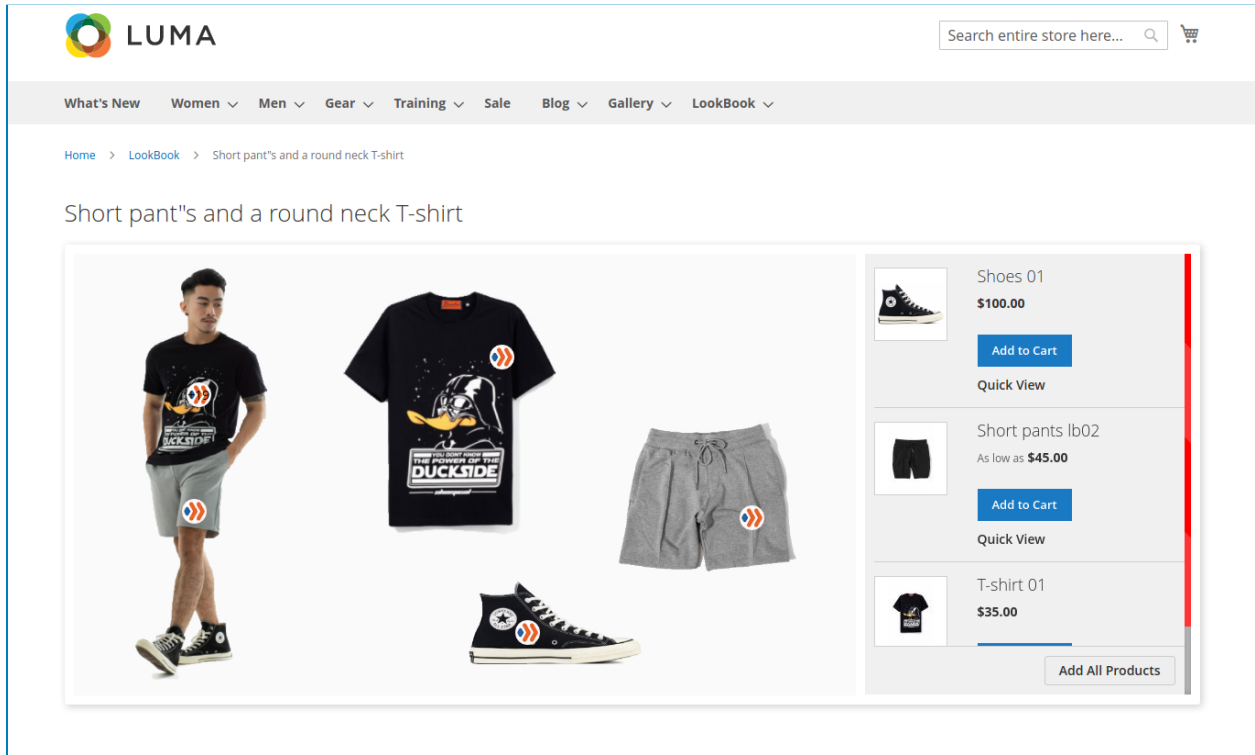

- **Store View:** select the store view you want to display your profile.
 - **Layout type:** select one out of two layout types:
- + Layout 1:
