## I) Introduction

**Magento 2 Revisions** allows you to create the versions each time you save a page and block. It helps you keep multiple versions of your store content and roll back to saved revisions at any time with a single click. This extension enables you to manage, preview, and delete revisions. Moreover, you can also compare between any two specific revisions right in the backend.

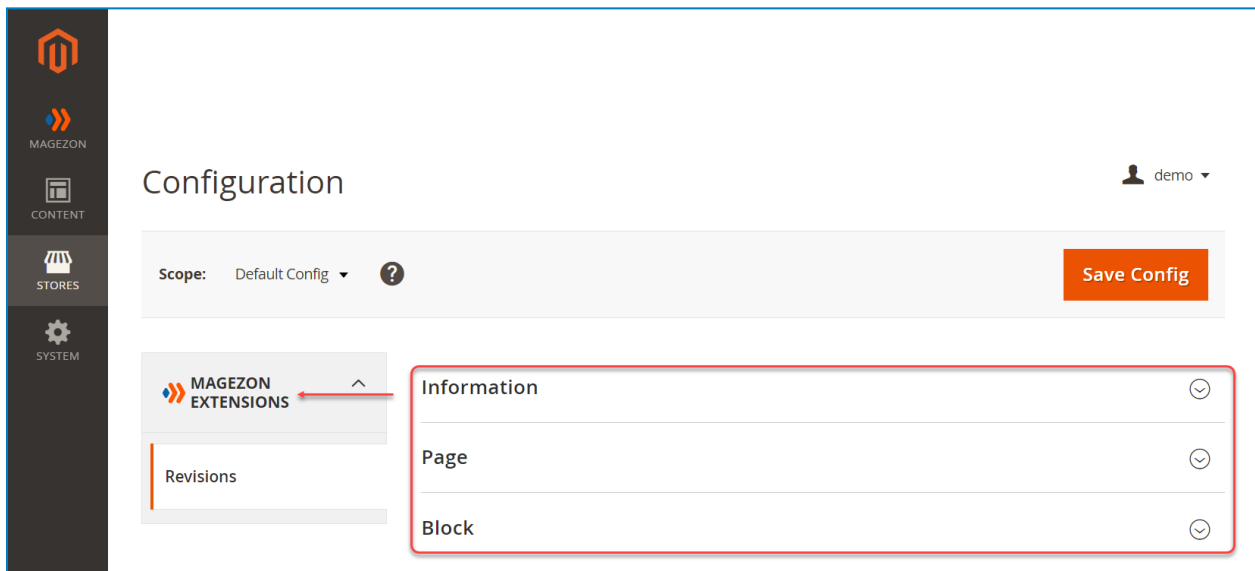

- Create backup CMS pages and blocks
- Limit the number of created revisions
- Manage CMS page and block revisions efficiently
- Preview page of created revision in the frontend
- Compare any two CMS revisions
- Restore CMS revision with a single click
- Delete CMS page and block revisions
- Compatible with Magezon Blog and Magefan Blog extension

## II) Where to Find Extension

After installing the extension, go to **Stores > Settings > Configuration**:

In the left panel, span **MAGEZON EXTENSIONS** and click **Revisions**. In the right section, there are 3 tabs: Information, Page, and Block.

## 1. Information

The screenshot shows the Magezon Configuration interface. On the left is a sidebar with navigation icons for MAGEZON, CONTENT, STORES, and SYSTEM. The main area is titled 'Configuration' and includes a 'Scope: Default Config' dropdown and a 'Save Config' button. Under the 'MAGEZON EXTENSIONS' section, the 'Revisions' extension is selected. The 'Information' section is highlighted with a red box and contains the following text:

Information

Current Version 1.0.0  
[store view]

Page

Block

- **Current Version:** let you know the current version of the extension.

## 2. Page

The screenshot shows the Magezon Configuration interface, similar to the previous one. The 'Page' section is highlighted with a red box and contains the following configuration options:

Page

Create Revision on Save [store view] No

If Yes, Revision created on every page save.

Revision Page Limit [store view] 10

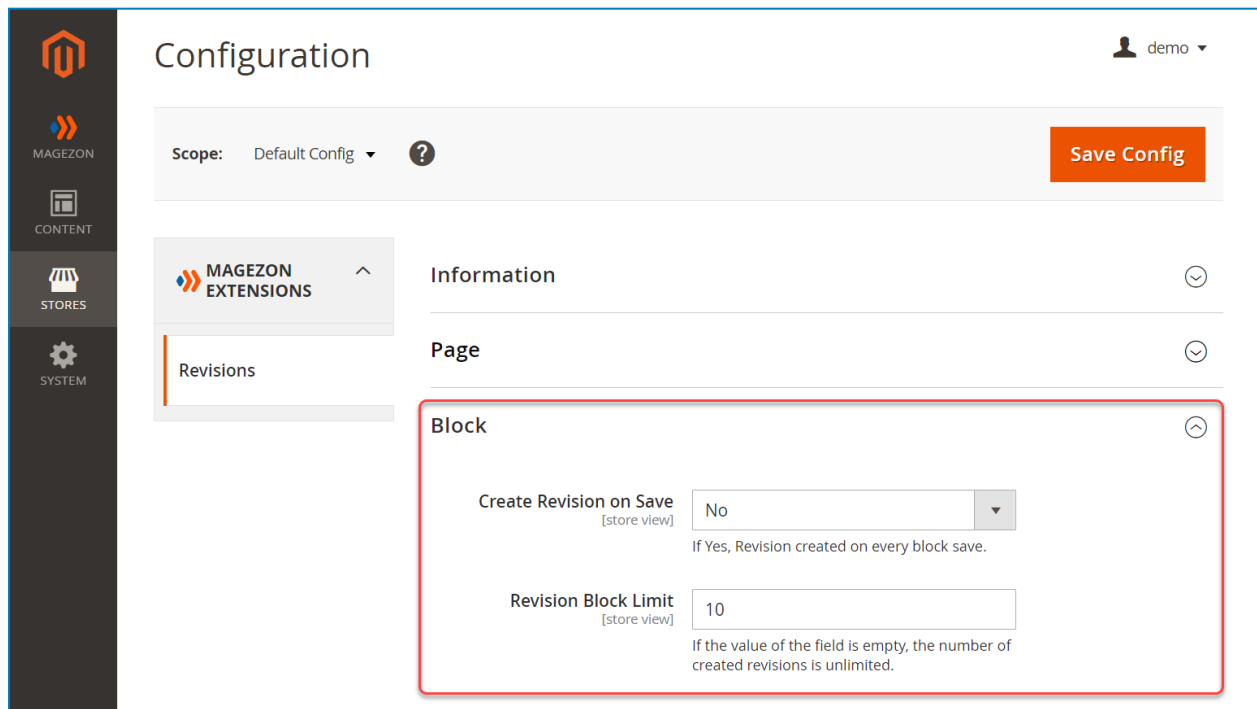

If the value of the field is empty, the number of created revisions is unlimited.

Block

- **Create Revision on Save:** select Yes/No to enable or disable creating a revision on every page save.
- **Revision Page Limit:** enter the number of created revisions of a page.

**Note:** If you leave to blank this field, the number of created revisions is unlimited.

### 3. Block

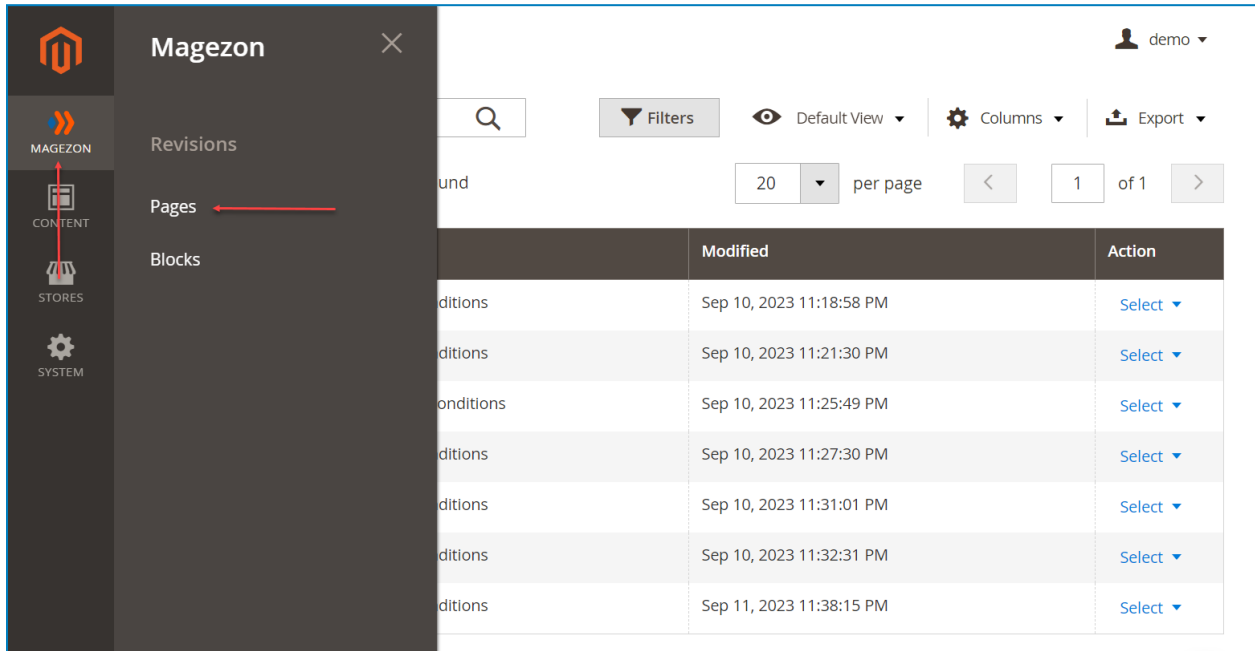

- **Create Revision on Save:** select Yes/No to enable or disable creating revision on every block save.
- **Revision Block Limit:** enter the number of created revisions of a block.

**Note:** If you leave to blank this field, the number of created revisions is unlimited.

## III) Manage CMS Page Revisions

To manage revisions of all CMS pages, navigate to **Magezon > Revisions > Pages** in the left **Admin Panel** menu:

By default, the grid shows the page revision ID, Title, Created time, and Modified time. You can add and remove columns using the **Columns** menu in the top right corner of the Page Revision List page.

The **Preview** option opens a frontend example of the CMS page revision in the new window.

The screenshot shows the LUMA website's Terms & Conditions page. At the top left is the LUMA logo. To the right is a search bar with the text "Search entire store here..." and a magnifying glass icon. Below the search bar is a navigation menu with items: "What's New", "Women", "Men", "Gear", "Training", and "Sale". The main content area has a breadcrumb trail "Home > Terms & Conditions" followed by the heading "Terms & Conditions". The page is divided into sections: "Coppyright" (with a typo), "Product License", and "Product Update".

**Copyright**

Magezon is the copyright holder of all software sold on this site. The copying, redistribution, use or publication of any products without Magezon's permission, is strictly prohibited. You are not allowed to use any part of our code in whole or as part of any other software or product or website.

**Product License**

By purchasing a product of Magezon:

- Customer will receive 100% open source code.
- Customer will obtain a License Certificate which will remain valid until the Customer stops using the Product or until Magezon terminates this License because of Customer's failure to comply with any of its Terms and Conditions. Each License Certificate includes a license serial which is valid for one live Magento installation only and unlimited test Magento installations.
- You are allowed to customize our products to fit with your using purpose.

**Product Update**

Magezon does upgrade regularly to meet new requests from customers or make our products work with later versions of Magento. Customers purchased a product from Magezon will get the updated versions for Free by logging in our store and go to My account > My downloadable products. Follow our Blog or newsletter for the updated information.

### 3. Compare CMS Page Revisions

On the **Action** column, click **Select** then a drop-down menu will appear. Simply press **Compare** to see what has changed between any two specific revisions.

Drag the slider to choose a revision to compare and use the **Next/Previous** buttons to move to the next/previous revisions.

This page also includes a comparison of two revisions below the slider. The right column displays the revision which you choose by dragging the slider. The left column displays the previous revision to compare with the chosen revision. Lines added and removed are highlighted in green and red respectively, and content changes get highlighted in dark green and red. Click the **Restore This Revision** button to restore the selected revision.

## 3. Compare CMS Block Revisions

On the **Action** column, click **Select** then a drop-down menu will appear. Simply press **Compare** to see what has changed between any two specific revisions.

The screenshot shows the 'Footer Block' revision management interface. It features a sidebar with navigation options (MAGEZON, CONTENT, STORES, SYSTEM) and a main content area. The main area includes a search bar, filters, and a table of revisions. The table has columns for ID, Title, Created, Modified, and Action. The 'Action' column for the first row is expanded, showing a 'Compare' option highlighted with a red box.

ID	Title	Created	Modified	Action
7	Footer Block	Sep 11, 2023 12:22:01 AM	Sep 11, 2023 12:22:01 AM	Select ▾
8	Footer Block All Pages	Sep 11, 2023 12:24:43 AM	Sep 11, 2023 12:24:43 AM	Preview Compare Restore Delete
9	Footer Block	Sep 11, 2023 12:26:06 AM	Sep 11, 2023 12:26:06 AM	
10	Footer Block	Sep 11, 2023 12:26:28 AM	Sep 11, 2023 12:26:28 AM	
11	Footer Blocks	Sep 11, 2023 12:27:39 AM	Sep 11, 2023 12:27:39 AM	Select ▾
12	Footer Block	Sep 11, 2023 12:28:23 AM	Sep 11, 2023 12:28:23 AM	Select ▾

Drag the slider to choose a revision to compare and use the **Next/Previous** buttons to move to the next/previous revisions.

This page also includes a comparison of two revisions below the slider. The right column displays the revision which you choose by dragging the slider. The left column displays the previous revision to compare with the chosen revision. Lines added and removed are highlighted in green and red respectively, and content changes get highlighted in dark green and red. Click the **Restore This Revision** button to restore the selected revision.

The screenshot shows the 'Block Revision List' interface. At the top, it says 'Compare Revisions of Footer Block'. A checkbox labeled 'Compare any two revisions' is checked and highlighted with a red box. Below this, there is a timeline with 'Previous' and 'Next' buttons. The comparison shows two revisions from 'm2demoA1' on '2023-09-11'. The 'From' revision is 'Revision by m2demoA1' at '07:24:43' and the 'To' revision is 'Revision by m2demoA1' at '07:41:03'. The 'Title' section shows 'Footer Block All Pages' (highlighted in red) and 'Footer Block' (highlighted in green). The 'Content' section shows HTML code for the footer, with differences highlighted in red and green. The red highlights include '<div class="content"><form id="newsletter-validate-detail" class="form subscribe" action="{store url="&quot;&quot;}}newsletter/subscriber/new/"' and '<div class="title"><strong>Newsletter</strong></div>'. The green highlights include '<div class="content">', '<div class="title"><strong>Newsletter</strong></div>', and '<form class="form subscribe novalidate="novalidate" action="{store url="{}}newsletter/subscriber/new/" method="post" id="newsletter-validate'.

When you tick the checkbox **Compare any two revisions**, it allows you to choose two individual revisions to compare. In this mode, the **Restore This Revision** button will disappear.
